Our excellence in outreach and education serves a large, diverse population, and we also facilitate the New Options Traumatic Brain Injury Project, one of seven such sites in California. CCCIL provides the following services (partial list):

• Information and Referral
• Systems Change Advocacy
• Individualized Benefits Counseling
• Personal Assistance Services
• Independent Living Skills Training
• Assistive Technology to persons with disabilities who live in the counties of Santa Cruz, Monterey, and San Benito.

WHAT TO EXPECT AT CCCIL

Our consumers have the opportunity to develop their own Independent Living Plan with the help of an Independent Living Specialist. An Independent Living Plan, a written statement of what one wishes to achieve in their independent living situation, also contains agreed upon goals and special supports from the Independent Living Specialist. An optional service, the Independent Living Plan is not a condition of receiving services.

SUPPORT CCCIL TODAY!

CCCIL is the only organization on the Central Coast that provides services to people with all forms of disability. CCCIL has a constant need for donations to support our programs and services that are provided free of charge to low income consumers with disabilities. Your donation to CCCIL is a contribution to the community. It sustains existing programs and increases our program capacity. It allows us to continue to meet the unmet needs of the community. Please contact our office or visit us online to donate today.
